K K GURUDEV

Data Analyst | ML Enthusiast

gurudevkk080@gmail.com +91 89715 54473 K K GURUDEV K K GURUDEV Portfolio

Summary

Detail oriented Data Science student with hands-on experience turning raw data into actionable insights using Python, SQL, and Power BI. Skilled in building customer segmentation models, interactive dashboards, and computer vision applications, with a track record of translating analysis into clear, data-driven recommendations. Combines strong analytical rigor with disciplined problem-solving and a continuous drive to learn emerging tools in machine learning and data analytics.

Education

B.E. in Computer Science and Engineering (Data Science) **2023–Present**
Alva's Institute of Engineering and Technology, Mijar CGPA: 8.0/10

Pre-University (PU) **2021–2023**
Alva's PU College, Moodbidri Percentage: 88.5%

Secondary Education (10th Grade) **2021**
R.N.S Vidyaniketan School, Hubli Percentage: 92%

Projects

Customer Segmentation and Retention Analysis 2026
- Analyzing customer transaction data to segment users based on purchasing behavior.
- Developed SQL queries to identify repeat customers, churn rate, and revenue patterns.
- Performed data cleaning and preprocessing using Pandas.
- Driving insights to improve customer retention strategies.

Heart Stroke Prediction Model | Python, Pandas, NumPy, Scikit-learn, Matplotlib 2025
- Developed a machine learning model to predict heart stroke risk using healthcare data.
- Performed data preprocessing, feature engineering, and model evaluation.
- Improved prediction accuracy using classification algorithms and performance metrics.

Object Detection using Jetson Nano (Embedded System) 2025
- Built a real-time object detection system using NVIDIA Jetson Nano.
- Implemented computer vision techniques for object classification.
- Optimized model performance for edge environments.

Skills

- Python
- SQL
- Pandas
- NumPy
- Machine Learning
- OpenCV
- React.js
- Matplotlib
- Data Analysis
- Django
- Excel
- Power BI

Certifications

- **Google Cloud Career Launchpad: Data Analytics** Oct 2025
- **Design and Analysis of Algorithms – Udemy** Jun 2025

Extracurricular Activities

A Day with the Future: AI & Data Science Workshop Oct 2025
- Led sessions on AI, prompt engineering, and Jetson Nano.
- Conducted hands-on robotics and chatbot workshops.

NVIDIA Lab Student Coordinator 2025–Present
- Leading AI and deep learning initiatives within the lab.
- Organizing and delivering workshops on computer vision.

LeetCode Ongoing
- Solved 50+ coding problems focusing on Data Structures and Algorithms.
- Strengthened problem-solving, algorithmic thinking, and coding skills.
